Summer Vacation *Holiday Homework*

Class V

Session 2026-27

Learn, refine your skills and focus on growth

Dear Students,

Holiday is the time that we all eagerly wait for. We all make plans to enjoy, to relax and to empower ourselves during these gala days.

This summer vacation the Holiday Homework so designed by the mentors of the school is a medium for you all to achieve the motto of “Fun and Learn”. The activity-based assignments will foster curiosity, develop creativity, enhance knowledge, and instil the joy of learning among you all. They will certainly help you discover a new you, who is more enriched as well as confident and performs every action to perfection.

At GNIPS, equal focus is laid on academics along with co-scholastic competencies. Use your energy and give a vent to your creativity. It will surely enhance your learning process.

Relax, enjoy, have lots of fun and come back refreshed. Each child will get an opportunity to share their work and creativity with their classmates.

Monkeys live in forests and on trees. They swing from branch to branch and eat fruits, leaves and nuts.

QUESTION 3 - COMPREHENSION AND RESPONSE

The human body has a framework of bones called the skeleton. It gives shape to the body and helps in movement. The skeleton protects important organs. The skull protects the brain, the rib cage protects the heart and lungs, and joints help in movement. Bones are connected by ligaments. Some joints move, while others are fixed.

ANSWER THE FOLLOWING QUESTIONS IN NOTEBOOK:

- 1 What protects the brain?
- 2 Which part of the skeleton protects the heart and lungs?
- 3 What connects bones together?
- 4 Which joint is found in the shoulder?
- 5 What gives shape to our body?
